Job Description 1: Commercial & Industrial Electrician
We are seeking a detail-oriented Certified Electrician with at least 5 years of experience in both residential and industrial settings to join our maintenance team. The ideal candidate will be responsible for the diagnosis, repair, and installation of customized integrated light and audio systems, ensuring high-quality control of all electrical components. You should be proficient in MS Office and 3D Modeling or Infra Design software like XMD. A key part of this role involves mentoring and training junior staff on-site, so strong communication and leadership skills are essential. Candidates must hold a valid driver's license and demonstrate a passion for maintaining high safety and service standards while servicing multiple contracts.
